Seth Dillon, is the CEO of *The Babylon Bee*, the world's most trusted, factually accurate news source. Taking on the tone of a traditional news media publication, *The Bee* satirizes real-world events and public figures. Dillon's experience with censorship and deplatforming has placed him on the front lines of the battle for free speech in the public square. He now speaks on college campuses and at conferences across the country about the effectiveness of humor, the moral imperative of mockery, and the dangers of censorship. He occasionally signs off X to enjoy time with his wife and two sons in Juno Beach, Florida.

All proceeds benefit Vitae Foundation, a national non-profit organization that facilitates research about life issues and applies the findings to create messaging strategies to share with others so together, we can build a future where abortion is unthinkable.
